

# WELCOME TO BROADMEADOWS ALPACA STUD FARM

We breed huacaya and suri alpacas, specialising in  
white huacaya

In association  
with

Kin Kin Alpacas

NOOSA  
ALPACA

Broadmeadows

Here's a quick guide on what we can do to help  
you in the alpaca industry

- Workshops and education events in many different areas relating to herd management, fleece production, husbandry, and crafting
- Consult on industry, the alpaca, the market, husbandry, and others
- Advise on farm set up and configuration for best herd health
- Provide accessible and affordable quality genetics for starter and established herds with AAA certified, stud macho and hembre
- Establish and build network support for breeders and pet owners
- Source the best fit alpacas for you - they don't have to be ours.
- Promote the wonderful qualities of this animal and its fleece
- Market and promote the alpaca and its commercial potential
- Stay up to date with industry practices and breeding
- Agist for competitive rates and provide quality care
- Give back to the industry and provide safe haven for needy alpacas
- Got any questions - try us. If we can't help, we'll find someone who can!

## NEED HELP?

Talk to us, obligation free. You can expect honesty, integrity, and support.
